

How to install the 2 Batteries type CR2032 Lithium Included with your

**Balanza** *MINI*

**Step 1.**

Open the battery cap on the underside of the unit.

**Step 2.**

Position the first of two batteries with the shining side up, the one which shows the type of battery.

**Step 3.**

Slides the second battery on top of the first one, same position of the shining face up, and make sure that both batteries are under the metal pin in the side.

**Step 4.**

Put the battery cap back on top and apply pressure.
